

February 21, 2017

Per questions received, the Authority provides Addendum No. 1 to RFP 2017-001 for Landfill Services and Equipment Back-up Services (02.21.17)

Addendum No. 1

In summary:

- The Scope of Work statement has been revised to reflect the equipment back-up services be combined within the cost of tipping fees; offeror shall include walking floor trailer and semi transportation equipment to ensure delivery to designated landfill location. Cost per mile with added equipment shall be inclusive within tipping fees.

Additional points will be integrated within the Organizational Strength Section if the offeror is able to provide required equipment to sustain the delivery of MSW to the designated landfill. If the Offeror is unable to comply with this addendum it will not constitute the elimination of an offer but will deduct points in the Section named above.

Final Offers and Financials shall be provided in a separate packet from the proposal.

Submission of Proposal shall be February 28, 2017 at 10:00 am. MST
